MALT AMERICAN DISTILLERS HIGH-ENZYME MALT

AMERICAN DISTILLERS HIGH-ENZYME MALT

When you think of fine bourbon, you likely think of that stimulating hit of alcohol followed by smooth flavors that deliver the perfectly balanced taste. We understand that maximizing the potential of all the ingredients in your recipe is important, and that malt performance should not come at the expense of taste. The high enzyme levels of our High-Enzyme Malt allow for efficient alcohol production without compromising the essential and sometimes subtle flavors in your distillate.

IT'S YOUR MALT.

The world's best malt is not created just by algorithms and recipes. Like producing award-winning beer and spirits, it takes a sixth sense, a knowing when the flavor, depth, color and character of the malt is just right. It takes an intuition and an instinct that takes decades to master. We call it *soul*.

For over 85 years, it has been our passion to make perfect malt for craft brewers and distillers like you. Thank you for choosing us to be at the heart of your craft.
